- 5) Complete the rest of the personal information fields and click **Register**
- You will create a password as part of creating your profile. **Be sure to make a note of your password for future reference.**

6) Make a note of your **Username**, which you'll use when logging into the site the next time, and then click **Continue to Home**

The screenshot shows a web interface for account creation. At the top, it says "Step 3 of 3". Below that, a message states "Your account has been created." followed by "Please note your username below. You will need this information for future logins to the site." The username is displayed as "Username: XXXXXXXXX". On the right side, there is a button labeled "Continue to Home". A green arrow points from the bottom left towards the "Continue to Home" button.

Your registration is now complete. You only have to fill out this information once.

The next time you visit the site, you can use your **Username** and **password** to log on and return to your certifications.

A Note to Aetna A and N number users: If you have not certified as an Aetna employee in the past, you may need to contact Aetna Brokers Services to add your A/N Number to the site before it will be recognized. Broker Services may be reached at 1-888-714-9201 Monday-Friday 8am to 8pm Eastern or by email at brokersupport@aetna.com.

Start your certification

Your certifications are listed on the main training page under the **Annual Certification & Other Required Individual Medicare Training** section.

You will see a checkmark to the left of any section you have completed. If you don't see a checkmark next to a section you have already completed, please refresh the page.

2021 Individual Core Medicare Requirements

In this section we'll explore Aetna's Code of Conduct. You'll find out what compliance means to us and how to report non-compliance. You'll learn to use the Aetna Producer Guide. And, you'll see how important the guide is – it has everything you'll need to do business with us.

2021 Individual Core Certification - Mastery Test

The information you've read prepares you to comply with our Code of Conduct and follow the processes outlined in the Aetna Producer Guide. Now you can test your knowledge.

C You'll use the Producer Guide to answer the 25 questions on the test. You have to score 90% or better to pass.

Note: Simply closing the exam window does not count as an attempt/submission. If you close the window, your answers will not be saved and you will need to re-start the exam.

D 2021 Individual Medicare Producer Certification Survey

Your certification experience has a direct link to your ability to sell Aetna/Coventry Medicare products. We want to be sure that you are getting what you need through the certification. Please take a few minutes to complete this short survey.

E Course symbol key

- A. You can look at the details of your certification by clicking on the title or the plus sign on the right side of the title bar.
- B. Aetna certification requires that you complete AHIP Medicare training before taking the Aetna training. If you have already completed that training as part of another certification, this will be marked as complete here as well.

- C. You'll walk through the certification process one step at a time. Once you complete a step, the next section becomes available to you.
- D. You're asked to fill out a short survey about your certification experience. The survey is locked until all sections are complete, but is **not** part of the certification requirements. You can obtain your certification without filling out the survey.
- E. The symbols next to the section titles change as you progress through the certification. You can find out what the symbols mean by clicking on the **Course symbol key** at the bottom of your certification. Here's what you'll find:

So now that you're familiar with the layout of the certification, how do you get started?

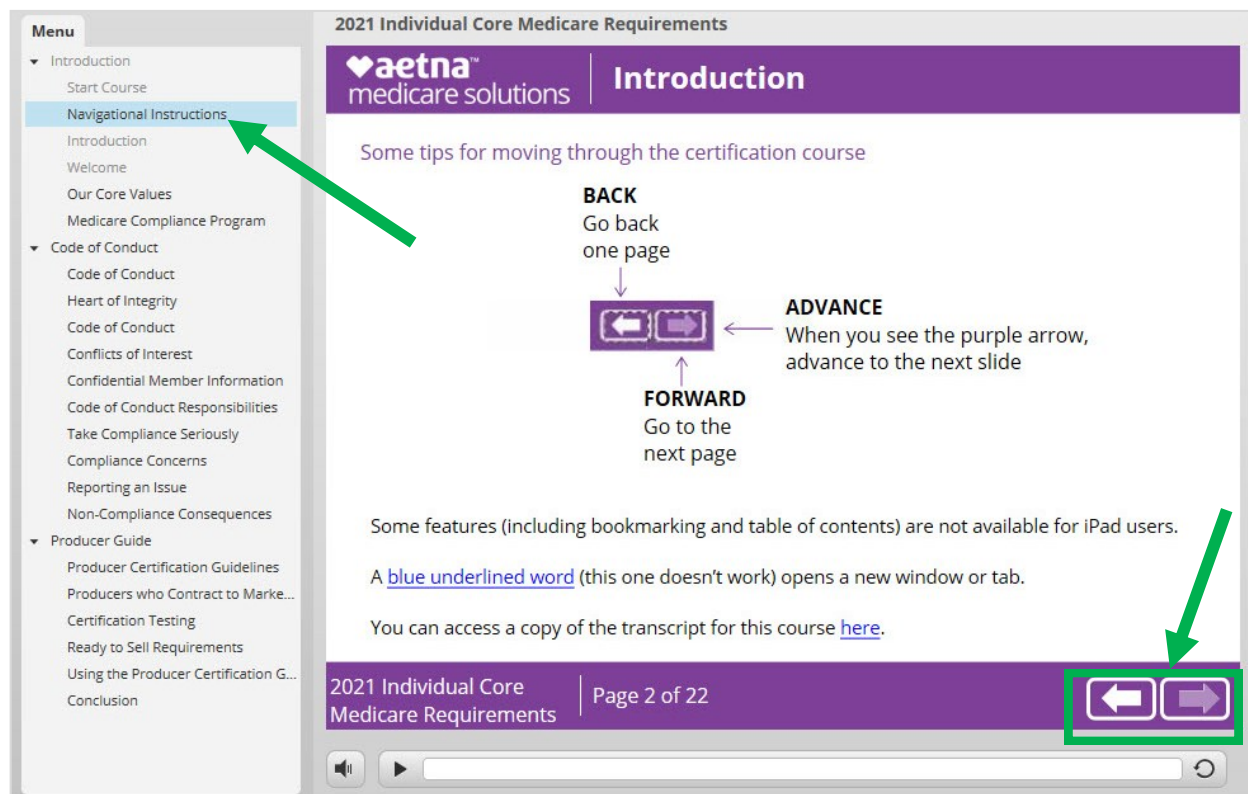

Simply click on a blue course title to access the training materials for that section. If a course name is shown in black, it cannot be accessed until all prerequisites are complete.

Course tips

Your certification has two types of sections: training courses and mastery tests. When you click on the section title, the training course or mastery test begins. Here are some tips to help you get the most out of your training time.

Training courses

Use the forward and back buttons to move through the training courses. You can also use the menu on the left to go back to any of the pages that you've already seen.

You will only be able to advance to the next slide once all required conditions on the current slide are met. Courses include recorded audio. Please view with sound turned on or follow along with the transcript

Some pages in the course allow you to explore the content even more.

- A. When you see a **blue colored word**, you can click on it to see more details.
- B. When you see an **underlined word**, you can click on it to open content in another window or tab.

When you get to the end of a training course, you can review the course, or you can return to the main training page by clicking the link to the left of the training.

Mastery tests

You'll want to be sure that you understand each training course. This is done by taking the mastery test.

It's so important that you understand this information that you'll need to get a score of **90%** or better on the mastery test. Once you get a passing score, the test is marked complete on your certification.

You have **three** attempts to pass each mastery test.

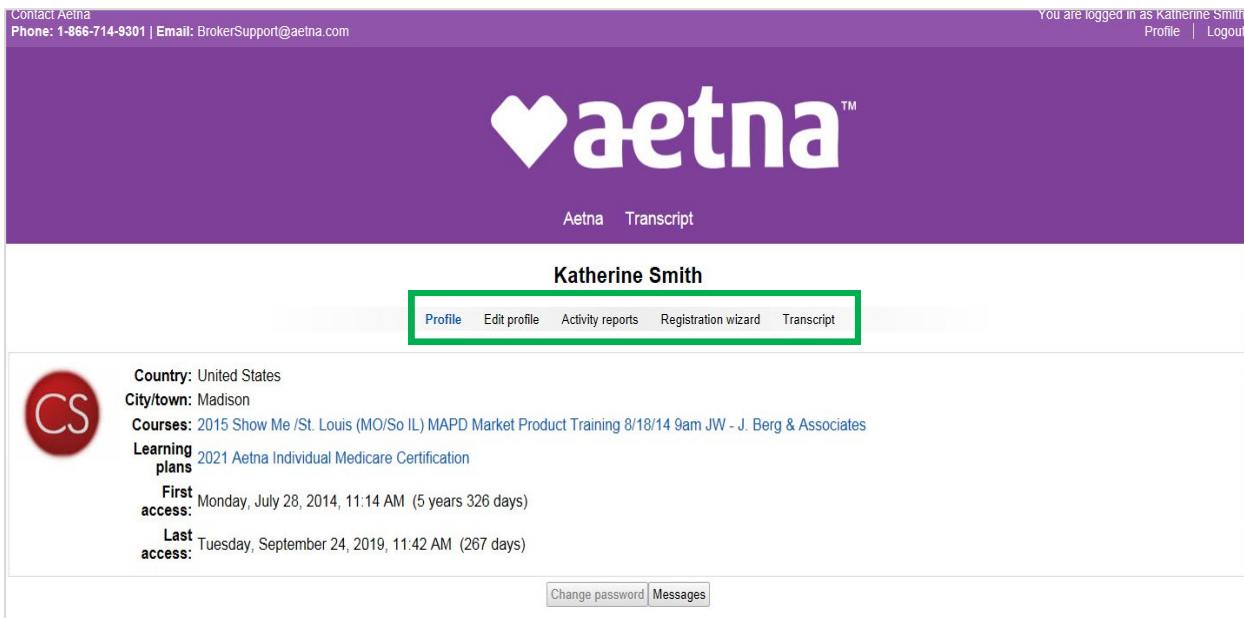

If you leave the test before you finish, your answers will not be saved and you will have to start the test over from the beginning. However, you will not be charged an attempt.

Profile updates

When you register on the site, you record details about yourself and the certification you want to complete.

You can change any of those details by clicking on **Profile** at the top of the screen.

You can look at and change your information stored on the site in your profile. This includes **changing your password**.

Changing your password

To change your password, simply click on **Profile** at the top of the screen.

- 1) Under the profile link, click **Change password**.
- 2) You can now type in your new password information, confirm it, and click **Save changes**.
